Value Proposition

High availability

Productivity

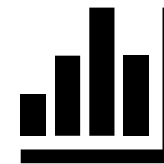

Improved safety

Consistent high
quality

Reduced waste

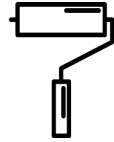

Valuable Insights

Available Applications

Spraying

(paint / textures)

Roller Painting

(Walls and Ceiling)

Sanding

(Walls and Ceiling)

Level 4 finish

Grinding/surface preparation

Joints Taping

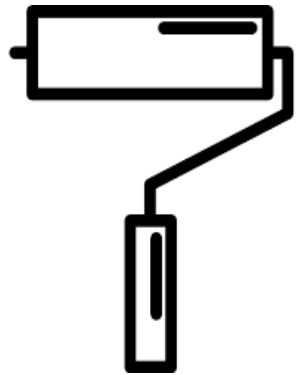

Applications (Spraying)

100-200 sqm/hour

Applications (Roller Painting)

50-80 sqm/hour

Applications (Sanding)

40-50 sqm/hour

Level 4 – Upto 150 sqm/hour

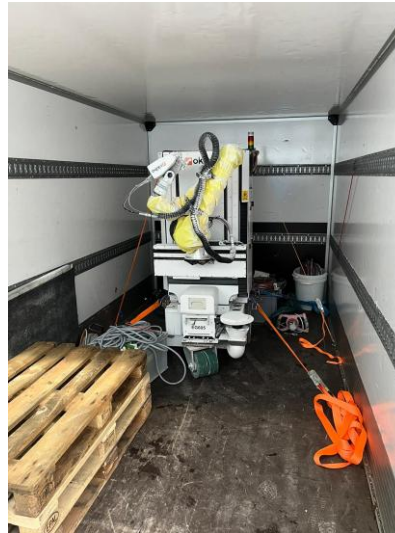

Dashboard for daily monitoring and statistics

Logistics

- High maneuverability
- Hooks for lifting with a crane
- Fits standard elevators
- Can be lifted by forklift/Manitou
- Transport by truck/van

Introducing EG7
